Master Decoding With Foundations® Readers

Introducing **Foundations Readers**! Our brand new Readers are **95% or more decodable** and aligned to the Foundations Scope and Sequence. These beautiful narrative and informational books **provide targeted practice to reinforce taught phonics, word structure, and fluency skills**. Because each book is so closely aligned to the Foundations curriculum, students can read the majority of the text with word knowledge learned in class. This instills confidence in early readers while **requiring less teacher prep and supervision**.
