

Start Every Reader's Journey with Foundations®

Unlock the joy of reading—
anytime, anywhere— with
Foundations® Backpack Readers!

Foundations Backpack Readers are the perfect companion to **Foundations Readers**, providing students even more opportunities to practice and interact with texts that align to classroom instruction. Backpack Readers let students take learning on the go. With their own copies of our 95% or more decodables, students can mark up the pages, revisit their favorite stories, and bring families along for the journey—all while building confidence and fluency.

Packed and Ready for Student Success

Each student gets their own Foundations Backpack, filled with tools to fuel their literacy adventure.

- **More Opportunities for Independent Practice**

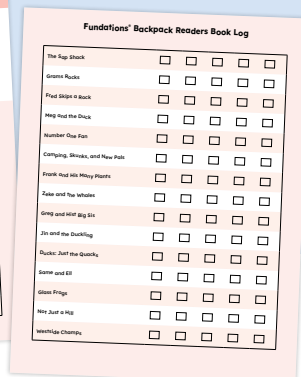

Equip students with their own **black-and-white copies of our decodable readers**. Perfect for marking up and reinforcing classroom learning while helping students grow into confident, capable readers.

- **Make Reading FUN**

Students bring books to life with fun tools like **markers, magnets, and a reading buddy**. These hands-on tools help students apply phonics skills, track progress, and spark curiosity with every read.

- **Build Bridges Between Families and Schools**

Families can join the adventure too! A **How-To Letter** provides families **with clear guidance**, and each book includes questions and read-along activities to spark conversations, deepen understanding, and make learning fun at home.

With Foundations Backpack Readers, **students build confidence and take charge of their learning while developing a lasting love of reading** that extends beyond the classroom.

Foundations Backpack Readers are an add-on and require the purchase of the 4-color Foundations Readers classroom set.
