

Introducing the Foundations 3rd Edition Reimagined for Today's Classrooms

The Foundations® 3rd Edition delivers the same proven routines, scope and sequence, and multimodal, mastery-based approach-but is now enhanced with time-saving tools to simplify planning and instruction, enabling all teachers to confidently deliver expert Structured Literacy instruction and drive student outcomes.

Save Time and Build Confidence With the Enhanced Foundations Teacher's Manual

- **Reduce planning & prep time** with a streamlined, intuitive design, embedded instructional guidance, and word lists built right into the lessons.
- **Teach with confidence** with step-by-step daily lesson plans, activity overviews, and Unit Tests.
- **Ensure all learners thrive** with real-time instructional feedback strategies and comprehensive Multilingual Learner (MLL) supports.
- **Accelerate student progress** with utilizing built-in guidance for Foundations aligned practice and Tier 2 intervention.

Reduce Prep Time, Teach with Confidence

Simplify planning, preparation, and instruction with the new Lesson Delivery Tool

- **Deliver explicit, engaging instruction** with minimal preparation time **through the interactive Lesson Delivery Tool** with classroom-ready slides and teacher notes.
- **Support multimodal learning** with annotation tools, interactive tools, and prompts for **using printed and hands-on materials**.
- **Engage students** at every level of Foundations® with **age-appropriate instructional strategies** for even the youngest learners.

Drive Student Success With FUN HUB®

FUN HUB centralizes everything teachers and administrators need to build foundational skills mastery in one platform.

- **Monitor progress in real time** with actionable insights at the district, school, classroom, and student level.
- **Strengthen teacher expertise** with self-paced professional learning and instructional modeling videos to support **every experience level**.
- **Connect assessment to instruction** with direct access to **Acadience® Reading K-6** and Foundations instructional recommendations.
- **Accelerate student success** through weekly FUN HUB Practice activities that track progress ahead of Unit Tests.
