

# Ensure Literacy for All With Esperanza® Intervención

A Spanish Structured Multiliteracy Program

Accelerate literacy growth with Esperanza® Intervención which is designed for Spanish-speaking students who require intensive support, including those with dyslexia and other language-based learning disabilities. Esperanza Intervención delivers explicit, systematic, and cumulative instruction across all components of literacy: phonological awareness, phonics, fluency, vocabulary, oral language, comprehension, spelling, and writing.

Built specifically in Spanish (not translated from English), Esperanza Intervención helps students develop proficient literacy skills in their primary language, supporting biliteracy and long-term academic success.

## Pioneering Spanish Literacy Intervention

Authored by bilingual literacy expert **Dr. Elsa Cárdenas-Hagan**, Esperanza Intervención is a Spanish Orton-Gillingham based program and was the first comprehensive, research-based Spanish literacy intervention program in the world. For over three decades, Esperanza Intervención has helped Spanish-speaking students develop accurate decoding, spelling, and writing skills that serve as the foundation for academic success.

## Intensive Support that Drives Measurable Growth

Esperanza® Intervencións comprehensive and structured intervention deepens understanding and builds lasting confidence.

- Accelerate learning with a rigorous scope and sequence that develops decoding, spelling, and comprehension skills for students in grades 1-5.
- Build mastery through explicit and systematic instruction, cumulative review, and frequent opportunities for practice.
- Provide responsive, individualized instruction with embedded screening and progress monitoring assessments.
- Deepen understanding and engagement through multimodal learning and manipulatives.

## Implement With Fidelity

Ensure consistent progress from day one with resources and professional learning that support and empower educators.

- Begin effective intervention immediately after a the Esperanza Intervención Introductory Course, a two-day hands-on training.
- Teach with confidence using the redesigned and user-friendly Esperanza Intervención teacher and student materials.
- Build expertise with the 12-month Esperanza Intervención Structured Multiliteracy Certification Course.
- Deliver consistent instruction with explicit and structured routines.
